“Our core goal is to let you reach your destination safe and sound and enjoy peace of mind with our consistently professional shuttle and customer service”

OVERVIEW

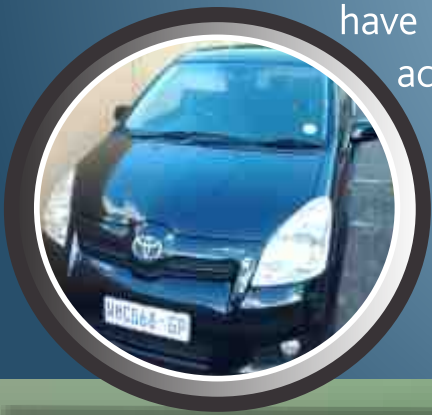

Theole Shuttle Services was formed in 2007, which started with one car doing transfers for a single client. Because of appreciation of our services by our client, we started growing as a result of good referrals. We have passion in what we do and this is shown by our growth over the past six years. We now have a solid client base in the Hospitality and Corporate Industries.

OUR FLEET

Our fleet boasts six vehicles and we are able to offer unique and professional services. We treat every customer as an individual. We have a variety of cars to choose from, so as to meet and exceed all our clients expectations. We know that our clients have choices and we believe we can meet their demands and accommodate choices!
